

## Gresham House Studios – Workshops Programme 2022

We're back! Our 10th anniversary at Gresham House has been and gone during the pandemic, so we're making this year one big celebration! Music, art, relaxation, hard work, delicious home cooked food, a lovely garden, stunning views, a holiday atmosphere and great company with like-minded people. New this year is the Gresham House Art Gallery and gallery shop, with a selection of home-made marmalades, cards, books and other gifts, and freshly baked sourdough loaves to order.

We so look forward to old friends returning – we have really missed you - and welcoming new participants alike. We have a full workshops programme on offer for this summer, and hope there's something for everyone.

This weekend is an opportunity to fully explore and enjoy your singing potential. We will work with combination of vocal exercises and songs, including some ensemble singing. ### **DRAWING: EXPERIMENTATION AND EXPRESSION**

Starting time each day: 10.30am; finishing 4.30pm

Materials and lunch included.

Cost: Non-Residential £160, Residential £210 (including one night B&B and Saturday Supper)

The focus of this weekend is on various approaches to drawing. So often, when people think or say that they 'can't draw', they mean that they can't immediately draw what they see. However, the pleasure of drawing goes so much further than creating a copy on paper of what you see.

This weekend is for people who would like to experiment and discover. The workshop also contains formal elements, such as drawing from observation (understanding proportions, direction, perspective) and tonal values, but it will in equal measure explore mark-making, layering and expression. We'll explore different materials, subject matters and approaches and discover the absolute delight that happens when a drawings (abstract or representational) begins to speak.

If you like the idea of a relaxing creative holiday, with inspiration, musical and artistic nurturing at the heart of it, this is for you

Starting time each day: 10.00am; finishing 5.00pm.

Materials and lunch included.

Cost: Non-Residential £240; Residential £340 (including two nights B&B/Supper)

This workshop is for people who would like to work as a group and illustrate a selection of fables (short animal stories) in prints (or other form of illustration) creating a small storybook. The stories will be taken from Peter's collection of fables 'The Bigger Picture', each of which suggest a broad range of visual material to spark your imagination. During the final day there will be an exchange of images, added to the text pages, covers and endpapers, and a final session to bind all together into a unique handmade book to take home and treasure.

### **SUMMER JAZZ RESIDENTIAL**

With Helen Porter, Jonathan Taylor (piano) and James Budden (double bass)

Max 8 participants

Cost: Non-residential: £395; Residential: £495

Our Jazz Residential celebrates its tenth birthday – a measure of how popular this course is! Over the decade we have witnessed transformations from singers tipping toes nervously into jazz waters into becoming assured divas on stage. Three days of intensive training and rehearsal and then on stage at Calstock Arts, performing three jazz standards of your choice. Jazz warm ups, counting in, text interpretation, syncopation and so much more. Jon, James and Helen will guide you through and prepare you for your performance. Your three standards must be memorised before the course begins, to give your self the best chance of a convincing performance on stage.

Friday to Sunday 26-28 August

### **VOCAL TRAINING FOR CHOIR LEADERS**

Max 8 participants

Cost: Non-residential: £235; Residential: £335

If you lead a choir or a cappella singing group, or are thinking of beginning one, or sing with a vocal ensemble, and think that deeper understanding of singing technique may benefit your work, this weekend is devised especially for you. As well as building on your knowledge of vocal technique, you will pick up new ideas on how to tackle all those familiar problems with ensemble singing – keeping on pitch, making sure text is audible, preventing singers from 'pushing' their voices and staying rhythmically focussed. Being among other choir leaders there will be opportunities to explore your own ideas and solutions, as the group will also sing together as an ensemble with some pre-selected repertoire.

### **The Art Workshops —what to expect**

All workshops are equally suitable for complete beginners of participants with more creative experience. You can expect an enjoyable creative time with lots of encouragement, but the workshops also require concentration and commitment. You'll be surprised what wonderful results you can achieve in a day... Some people will bring photos to work from and, although there is nothing wrong with using photographic images as a starting point, you will find that Peter will try to steer you away from trying to copy a photo too literally. Drawing and experimentation are the key to most art and print forms, and easier than you think....

### **About the studio and what to bring**

Peter's studio is fully equipped with presses, inking benches and rollers, and all the materials (linoleum, tracing papers, printing papers and ink) as well as the use of professional cutters and a home-cooked lunch are included in this workshop.

Please bring some sketching materials for yourself, a sketchbook or paper, pencils or marker pens, and possibly a little acrylic paint (black and white), and wear 'studio clothes' or an apron. The inks we use are oil-based and may leave stains on your clothes...

The printing workshops include all printing materials to be used. For the other workshops, please bring a selection of your own paints and drawing materials.
